

APPENDIX-PHOTOGRAPHS OF EUT CONSTRUCTIONAL DETAILS

Model:B1, B2

Photo 1

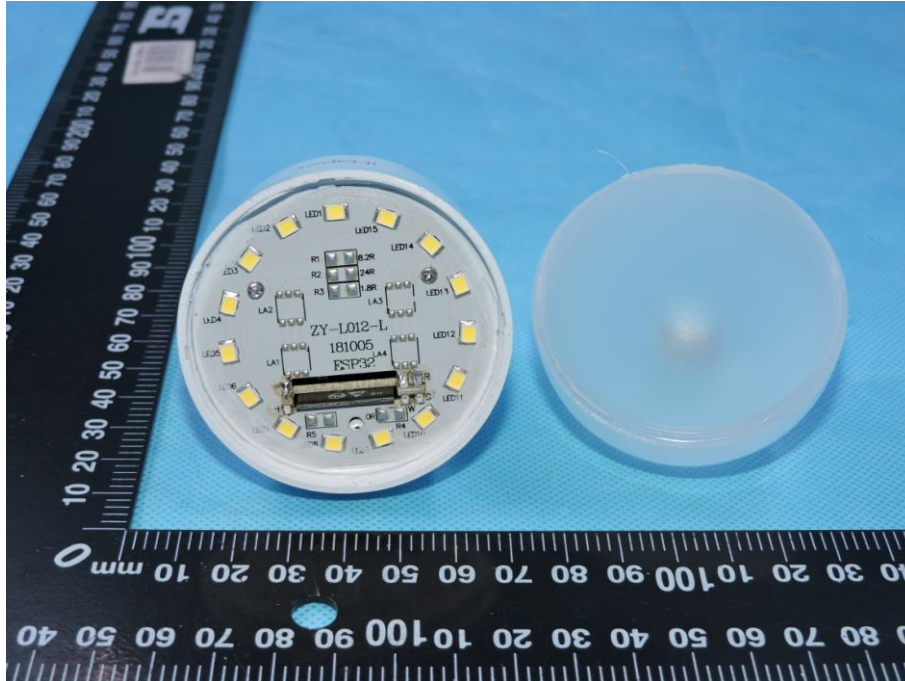

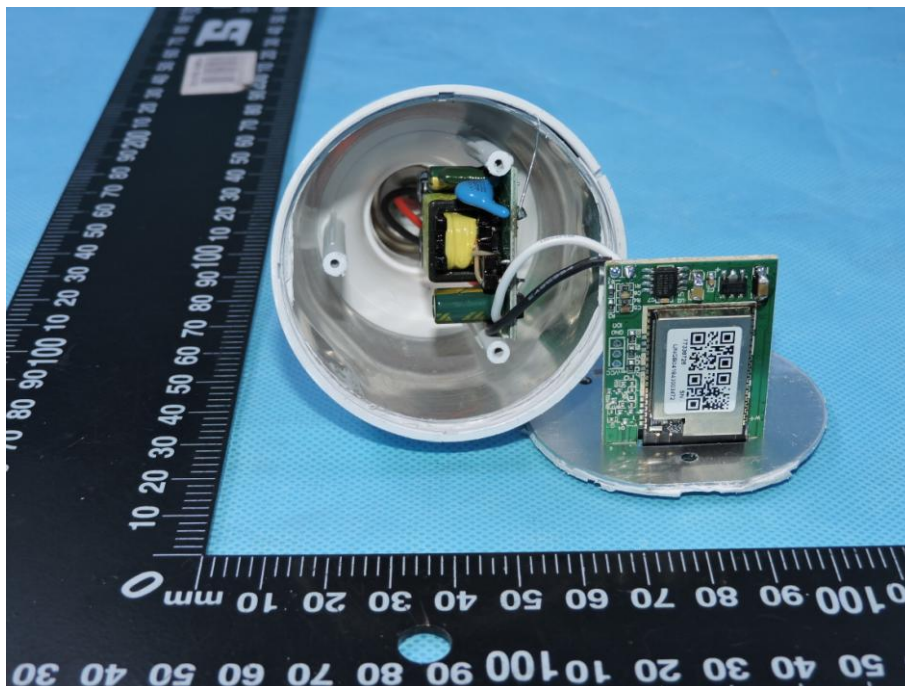

Photo 2

The image shows a circular white PCB with 16 yellow LEDs arranged in a ring. The central chip is labeled "ZY-L012-L 181005 ESP32 LA4". The board is placed on a blue background with a ruler for scale. The ruler shows measurements in millimeters (0 to 80 mm) and centimeters (10 to 70 mm).

A circular metal component, likely a part of a mechanical assembly, is shown next to a ruler for scale. The component is circular with a diameter of approximately 60 mm. It features a rectangular slot cut out from the bottom, and three small circular holes: two near the top and one near the bottom center. The ruler indicates the component's size, with markings from 0 to 80 mm.
